

## Give/Get Opportunities

- Lunch prep volunteers on Fridays
- Help with marketing /PR (social media/ website/ advertising)
- Fundraising committee

## Dates to Remember

- Oct 10- Rosh Chodesh Science experiment- Rainbows
- Oct 14- Parent's Night, 8-9 PM

### Wish List

- Art easel
- Bathroom storage shelves

## Easy ways to help the school:

- **Boxtops! The next deadline is November 1st.** The children love getting involved in cutting and collecting box tops. Coordinator: Natasha Goldberg.
- **Shopping on Amazon?** Shop through [Smile.amazon.com](https://www.smile.amazon.com), and choose Shaarei Chinuch Day School to get 5% of every purchase donated to the school!
- **Shop at Food4Less?** Connect your rewards card with the school (you can pick one up in our front lobby), and a percentage of your grocery shopping will be given to the school. Coordinator: Elyse Baylis

## Announcements

- **Our backyard fence is up! Please contribute generously via our [gofundme page](#), so we can do the landscaping and install a playground. If we all give what we can and enlist our friends, we will make this happen!**
- **Mazal Tov to Zalmy Mirviss, on your 3<sup>rd</sup> birthday and Upsheirn!**
- **Please send in your cardboard esrog boxes, for a craft.**

## activities

- We learned the Parsha story, of how Hashem created the world in 6 days and rested on the 7<sup>th</sup>.
- We reinforced this lesson by coloring pictures of creation, and doing a work where we match pictures, then miniature objects, representing each day.
- Our classroom was rearranged to create more cozy/quiet spaces throughout, to help the children with being able to concentrate on their work and be more settled.
- The second-year students received "4 year old work plans." This helps them set goals for the day, and then encourages them to focus on achieving those goals.
- We welcomed new pet bunnies into our classroom! The children are excited to help take care of them, and have already shown great responsibility and care with this.
- The children each got their first monthly work plan for the year. This helps guide them in prioritizing their work choices and choosing appropriately challenging learning activities each day, and helps ensure that they are reaching their academic benchmarks.
- As we began learning Parsha, the children took their learning to a deeper level by sequencing parsha pictures, learning some of the hebrew text inside and matching pesukim to pictures, and doing a Parsha word search.

### Thank you to...

- The Foreman, Pomerantz, and Mirviss families for contributing towards our outdoor playspace.
- Tal Adar for clearing out all of the garbage in our backyard so we can play there!

▶ *Quote of the week:*

"The child who concentrates is immensely happy." –Maria Montessori

**Have a great Shabbos, and a wonderful weekend.**

**Morahs Daniella, Mushky, Naomi, Dini, & Frieda**
